

Purpose of the project.

- Developing educators' capacity to implement online, blended and distance learning is our priority.
- A high-quality partnership designed to give educators digital pedagogical skills and enable them to deliver high-quality inclusive digital education.
- Creation of innovative virtual content, resources and online tools for trainers, tutors and teachers.

A digital vision for Painting and Decorating Educators.

Partners

DIGI-Paint was developed by 7 partners from 6 countries, each with specific responsibilities in digital and educational technology, pedagogical practices, deep experience in the Painting and Decorating sector (schools and companies) and networking.

Project number: 2021-1-LU01-KA220-VET-000025433
KA2 - Cooperation for innovation and the exchange of good practices
KA220-VET - Cooperation partnerships in vocational education and training

A concrete proposal to support educators in distance learning.

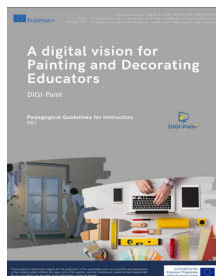

DIGI-Paint project aims to create tailor-made digital solutions adapted to Painter and Decorator educators to give them the resources and tools to overcome the current digital challenges. Teachers, Trainers and company Tutors are the target group, being key elements in the learning process with a strong need for adaptation to the digital.

To achieve this result, innovative tools have been created to support teachers and trainers eager to approach the digital experience and improve their training courses.

Project Outputs

Pedagogical Guidelines

A complete handbook for training instructors provides leads and advice on the creation of online and offline courses: Instructional design, Learner's Motivation and Interaction, Learning Resources, Evaluation and Feedback, Online trainer skills.

Available in three languages (EN - FR - IT).

Factsheets

Video Tutorials

Five video tutorials dedicated to

Factsheets present the main concepts expressed in the Guidelines simply and concisely, using an incisive visual impact.

Instructional Design

Learning Resources

Online Trainer Skills

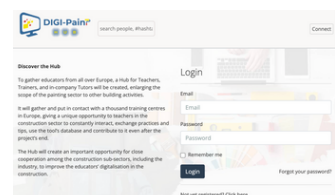

Evaluation and Feedback

Learner's motivation and interaction

with the aim of providing educators with the pedagogical, technical knowledge and skills needed to plan, implement, evaluate and develop ICT-based courses.

Hub DIGI-PAINTNet

The DIGI-PAINTNet Hub aims to build across Europe a network of educators keen to share their experiences and good practices. Build with us an innovative resource for Painting/Decorating in Europe.

Virtual Cases

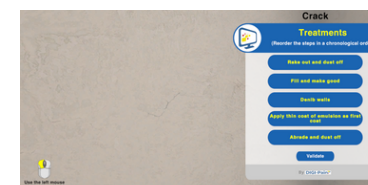

The Virtual Cases developed are intended to give students the opportunity, through 3D and Virtual Reality, to learn with interactive courses how to deal with specific painting and decorating scenarios.

Cases available on:

Measurement and Calculation (3D)

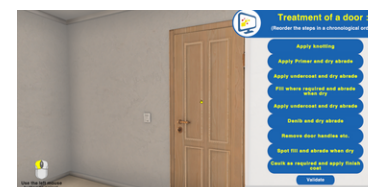

Pathologies: identification and remedies (3D)

Wallpapering (3D)

Coating woodwork (3D)

Spraying a raw plaster ceiling (VR)

Available in three languages (EN - FR - IT).

Database of digital tools to support painting educators

A free online database brings together existing digital tools that can be used by teachers, trainers and tutors across Europe to extend the digital resources used in Painting/Decoration. DIGI-Paint's digital tools are also present.
